Cycling for Childhood Cancer equals Exercise and Meals for Families.

The Little Jason Childhood Cancer Foundation to provide meals to families at Cincinnati Children's Hospital and an exercise room to Rainbow Babies and Children's Hospital.

Thank you to everyone who supported our event, Cycling for Childhood Cancer, and for your generous donations. Because of your support, we are able to directly impact the lives of the families whose children are battling cancer at both Rainbow Babies and Children's Hospital and Cincinnati Children's Hospital.

Little Jason Childhood Cancer Foundation (LJCCF) will be able to start furnishing the cancer floor at Rainbow Babies and Children's Hospital with an exercise room. To share with everyone something from my personal experience, while we were in the hospital with our son Jason Jr. as he battled cancer, there were times where it would have really helped to have access to an exercise room to help relieve the stress we felt from our son's battle with cancer. In addition, if there was an opportunity to go for a jog, it was typically too hard to leave Jason's side to do so. So, focusing on our mission to bring relief to families and joy to their sick children, LJCCF has provided the initial funding to begin furnishing the cancer floor at Rainbow Babies and Children's Hospital with an exercise room. When complete, this exercise room will be a great outlet for families to relieve stress as well as stay close to their sick child.

Additionally, because of your generous support, Little Jason Childhood Cancer Foundation (LJCCF) is now able to provide meals to the families at Cincinnati Children's Hospital. Again sharing with everyone something from my personal experience with my son Jason Jr, when he was sick and in bed, one of the last things I wanted to do was leave his bedside to go find myself something to eat. It is with this experience and understanding of what other families are going through that the Little Jason Childhood

Cancer Foundation and your support in our event, Cycling for Childhood Cancer, is now able to provide meals to families with children fighting cancer.

Finally, the exercise room at Rainbow Babies and Children's Hospital will continue to develop as funds allow so please consider participating in one of our events, buying a t-shirt at <http://littlejason.org/Products.html> or simply making a donation at our website www.littlejason.org. Additionally, we are looking for sponsors for our 2010 calendar year. If you are interested in becoming a sponsor, please send an email to littlejasonCCF@gmail.com.

Very Sincerely,
Jason Kolecki
