## Toy and Stocking Delivery

The Little Jason Childhood Cancer Foundation delivered several toys/items and stockings filled with toys and candy to the cancer floor and children fighting cancer at Rainbow Babies and Children's Hospital.

Through the month of December, Fandangle Hair Design in Avon had been selling snowman ornaments for a donation to raise money to help our foundation with our mission to bring relief to families and joy to their sick children as they do battle with cancer. The funds raised through their efforts went to purchase items for the all the children on the Cancer Floor at Rainbow Babies and Children's Hospital to enjoy. Some of these items included a Wii Fit Plus, Thomas the Tank Engine trains (for the pre-existing train table and tracks), ride on toys, and a learning game, just to name a few (See pictures below). When we were in the hospital with our son Jason Jr., the children on the cancer unit are confined to that floor, so having toys for the children to play with is very important in keeping them entertained during the long hours, days, and months of cancer treatments. We thank EVERYONE who gave a donation for a snowman ornament and especially Fandangle Hair Design for all their help in making this happen.

In addition to the toy delivery, the Daisy Girl Scout Troop of Avon, lead by Kate Rice, and through the help of the girls' parents, went out and purchased toys and candy then filled stockings for all the children that had to spend the holiday at the hospital. Spending any holiday in a hospital away from family and friends is very difficult, but because of the Daisy Girl Scout Troop and their generous efforts, this Christmas Holiday brought joy to the children fighting cancer.

Thank you again to both Fandangle Hair Design and the Daisy Girl Scout Troop for helping bring relief to families and joy to their sick children as they do battle with cancer. For additional pictures, please visit <http://www.littlejason.org/Pictures-and-Videos.html>. If you would like to
