## **Phase One of Three Complete.**

***Phase ONE of Three:*** Little Jason Childhood Cancer Foundation's project to furnish the pediatric cancer floor at Rainbow Babies and Children's hospital is complete! ***Phase TWO*** to begin immediately.

During the late fall of 2009, the Little Jason Childhood Cancer Foundation started the Fitness/Exercise room project with its deliverable to furnish the pediatric cancer floor of Rainbow Babies and Children's Hospital in Cleveland, Ohio with a Fitness/Exercise room. The soon to be fitness/exercise room started off as a storage room filled wall to wall with boxes. Over the past few months, the boxes that filled the room have been cleared out and relocated, the walls have been painted and the room is now prepped for the second phase of this project. Below are a few pictures of how the room looks now:

Phase two of the fitness/exercise room will start immediately and will consist of updating the room to make it both safe and welcoming for families to use. Some of the ways in which the room will be updated include adding rubber flooring, mirrors and a mural on the walls and a T.V. for entertainment.

Phase 3, the final phase of the fitness/exercise room project, will consist of the procurement of equipment. Equipment such as a treadmill, exercise bike, elliptical rider and a resistance machine will be added.

Thank you to everyone who has donated, participated in an event, bought t-shirts and pledged one of our Team LJCCF runners for the upcoming Half Marathon. It is because of your generous help that this room is made possible. To pledge a Team LJCCF Cleveland Half Marathon runner for the race on May 16<sup>th</sup>, please go to <http://www.littlejason.org/Team-LJCCF.html> . Funds raised through pledges will go to continue the Fitness/Exercise room project. Thank You!

Very Sincerely,

Jason Kolecki
